

PON PROJECTS

WHAT ARE PON PROJECTS?

PON (Programma Operativo Nazionale) projects are national educational programs open to Italian students of higher secondary schools, with the aim of improving key skills for personal development, social inclusion and employment. INTERMOBEX offers to Italian schools the possibility to have a reliable partner in Spain able to manage their PON projects under actions 1 and 5.

ACTION C1

Projects C1 "Training Interventions for the Development of Key Competences - Communication in foreign Languages" have the aim of contributing to the strengthening of communication skills in European foreign languages also according to the CLIL methodology.

ACTION C5

Projects C5 "Traineeships/stage (in Italy or other EU Countries)" of the PON-European Social Fund (ESF) have the aim of doing a period of traineeship or stage in a company, in Italy or abroad. At the end of the training, students will receive the Europass Mobility certification from the host company.
